

**Word for All Peoples Church, Bangalore
Dr. Jonathan David (Sunday June 11, 2006)**

John 6:5-14

- 1. Capture the heart of Jesus for the multitude**
We must feel what He feels. God wants to give us a heart to touch the nations.
- 2. God is going to break the restraint of cost**
Never limit God with your limitations.
Every limitation in life is learnt.
Your limitation is His opportunity to show His limitlessness.
- 3. Never underestimate the little you have**
The little you have multiplies when you give it to God.
A believer is meant for great things.
Don't despise what you have.
Never despise small beginnings. The latter end will be great.
- 4. God is going to give the pastor and leaders here, the wisdom to administrate, organize and restructure the church for expansion**
In the next 2-3 years growth is coming in a great way. We will soon have our own facility.
We must restructure and organize to assimilate and consolidate this growth and expansion.
Make the right people connectivity.
When we connect people to meetings – we have attendance.
When we connect people to people – we have relationships.
Connect people to people to build strong relationships. Healthy relationships will keep us together. Loose connections will create short circuit.
- 5. God will give you faith for the miraculous and courage to believe God for the supernatural**
