

Love as we know it

God is Love (1 John 4:8b)

- God in His totality is love.
- All His actions come out of love
- Love derives its meaning from God

Genesis 1:1 – In the beginning, God...

- He existed before all creation.
- He is outside of time
- He is eternal

Therefore

- Creation exists, because of Love
- Love is unconditional
- Love is everlasting

Ephesians 1:4-5 (MSG)

Long before He laid down earth's foundations, He had us in mind, had settled on us as the focus of his love, to be made whole and holy by his love. Long, long ago He decided to adopt us into His family through Jesus Christ.

God offers us a love that truly satisfies our deepest longings -

- A love that will never let you down
- Always wants what is best for you even to the point of self-sacrifice
- Accepts you just as you are

Don't settle for anything less!
