## GAME DEVELOPMENT TEAM LEAD

### SUMMARY

Gamification is being increasingly used in education, simulation, community building, training, etc. creating learning and development experiences that are interactive, engaging, and immersive. The possibilities for using game development (creating video games) for Christian ministry are numerous. By employing thoughtful design, engaging narratives, and relevant themes, games can become powerful tools for enriching faith, discipleship, fostering community, and sharing the message of Christ in new and exciting ways. APC is assembling a talented team of game development professionals capable of creating truly great gaming experiences to use this tool to further the purposes of God on the earth.

APC is looking for a talented and experienced Game Development Team Lead to spearhead our game development team. If you are passionate about gaming, have a deep understanding of various game development tools, and are excited about leading a dynamic team, we want to hear from you! As the team lead, you will guide the team from concept to launch. The team will build compelling narratives and immersive worlds using Nuclino (or similar documentation, worldbuilding, and planning tools), work with Godot (or other game engine), Blender/Maya (or other modeling & animation tools), FMOD (or other sound effects & music software), and Daz Studio (or other character creation platforms).

### VISION

To use games and gamification as a tool to enrich faith, disciple, build Christian community, and to reach people with the message of Christ in new and exciting ways.

Please review the APC Organization Chart available on OUR TEAM page ([apcwo.org/about-us/our-team](http://apcwo.org/about-us/our-team)).

### ROLE DESCRIPTION

The following provides an overview of the responsibilities that we presently envision for this role. These will be continuously updated as new initiatives are explored.

#### Team Leadership:

- Lead and inspire a multidisciplinary team of game developers, modelers, animators, sound designers, musicians, and worldbuilders.
  - Foster a collaborative environment that encourages creativity, innovation, and effective communication.
