GUIDELINES FOR LIVESTREAM

The objective of Livestreaming is to facilitate the times of anointed worship, Word & ministry for healings, miracles and deliverance to be livestreamed every Sunday. The following document provides guidelines for Livestreaming at Sunday services and church events.

Arrival

1. Arriving on time is very crucial to be able to handle any technical glitch that may arise. The following schedule is to be followed:
 - i. Set up on Saturday. The time for set up will be informed by the team lead.
 - ii. Arrival on Sunday:
 - 7:00 am - Team arrives + set up
 - 8:00 am to 9:30 am - Sound and streaming test
 - 10:00 am - Start streaming
2. The team rostered is requested to ensure that everything is set up before 7:45 am (for 8:00 am).

Roster & Availability

1. On the Saturdays and Sundays that you are being rostered please ensure you are present. Avoid last-minute swaps unless there is an unavoidable situation. If there is a need for a swap, please inform the team ahead of time, so that they can plan accordingly.
2. Punctuality is very crucial as it is your responsibility to ensure streaming happens uninterrupted as per schedule
3. Volunteers rostered are requested to keep their schedules as much as possible.

Training and Technical Skills

1. Training is conducted once in 6 months. This is to induct new members and to discuss and recap any improvements we've made over the months. All team members must attend this training.

Handling equipment

1. The equipment needs to be handled with utmost care. Suitable training will be provided.
2. There is a software guide for Macbook shared with the team. The software is quite sophisticated, and we need to study and make suitable changes to accommodate the current bandwidth available

3. Our cables are very delicate. Please note they are wound after use as per instructions. Kindly do not leave it hastily in the livestream trunk as that would be treated as irresponsibility.
4. We check all our equipment every Sunday morning after service. If we find any issue with the equipment, we will try to clarify with the person rostered the following Sunday.
5. Please note, all the equipment is under your responsibility for the Sunday you are rostered. No equipment should be left unattended.
6. Staff rostered for that week will be bringing the equipment on almost all the Sundays. The person handling streaming needs to ensure the laptop is handed back to a church staff.

Communication

1. Please ensure you communicate via Call, SMS, WhatsApp. We have a group on WhatsApp where we communicate. If you don't find a response to your text message, please call.
2. Please call 30 minutes ahead and inform if you anticipate being delayed for any reason, so that we get enough time to make alternative arrangements.

Technical Help

1. Spurgeon will be available on call and on **Teamviewer** application to sort out any technical issue faced with the software. However please ensure this is clarified before 9:30 am.
2. Monica Aind | Milcoln Noronha will be available on call or at the church premises most Sundays, if any help is needed.
