PRODUCT TEAM LEAD - WEB & MOBILE APPLICATIONS

SUMMARY

IT teams at APC engage in web and mobile application product development and AI/ML applications for church ministry, missions, and outreach. Our goal is to leverage Technology in Missions to bring God's word "to every tribe, tongue, people and nation" (audacious goal, but something to work towards).

We are looking for a passionate and highly motivated Product Team Lead to spearhead the development and delivery of our next-generation web and mobile applications for Christian church, ministry, and missions to further the purposes of God on the earth, to serve people and strengthen their walk with God. You will be responsible for owning the entire product lifecycle, from ideation and roadmap creation to execution and launch, while leading a talented team of developers through an agile and collaborative environment. You must be a hands-on technical person, with strong proficiency in writing software, systems design, software architecture, infrastructure, cloud computing, with the ability to take an idea from inception to going live.

VISION

To develop cutting-edge web and mobile applications that help to strengthen and nurture people in their walk of faith. APC therefore will be able to combine strong anointed ministry with strong organization and maximize its use of IT to be an explosive force for God on the earth.

Please review the APC Organization Chart available on OUR TEAM page (apcwo.org/about-us/our-team).

ROLE DESCRIPTION

The following provides an overview of the responsibilities that we presently envision for this role. These will be continuously updated as new initiatives are explored.

Product Vision and Strategy:

- Work directly with the Head of IT and the Senior Pastor to define product vision and roadmap.
 - Understand end user's needs, analyze user data, and identify opportunities for innovation.
 - Prioritize features and set clear goals for each development cycle.
 - Ensure alignment of product roadmap with church and ministry objectives.
-

Development Leadership:

- Lead a team of engineers working with a variety of technologies developing web and mobile applications.
- Must be technically hands-on and able to troubleshoot, solve technical problems, make a wide range of technical decisions (system design, infrastructure, deployment, etc.).
- Foster a culture of collaboration, communication, and continuous learning.
- Delegate tasks effectively and provide coaching and mentoring to team members.
- Set high standards for code quality, testing, and documentation.

Execution and Delivery:

- Break down product requirements into manageable tasks and track progress.
- Manage development sprints and ensure timely delivery of features.
- Work closely with designers and UI/UX experts to create optimal user experiences.
- Oversee testing and quality assurance processes.

Communication and Collaboration:

- Communicate effectively with Head of IT and Senior Pastor to provide regular progress updates.
- Communicate effectively with all team members to keep them motivated and keep projects on track.
- Collaborate with ministry and pastoral teams to ensure high quality user experience.

Technical Expertise:

- Experience with Dart, Flutter, Golang, and one or Cloud Platform ecosystems.
- Experience with web technologies (HTML, CSS, JavaScript, JavaScript frameworks).
- Experience with backend server-side and database technologies (PostgreSQL, etc.).
- Experience working with web servers (NGINX, Apache, CaddyServer, etc.)
- Experience with system design, design patterns, API design, software architectures, and all that goes into building scalable and maintainable web applications.
- Experience with agile development methodologies and best practices.
- Experience with CI/CD pipelines, infrastructure automation and monitoring.
- Experience with Python, open-source ML models and ML systems design a big plus.
- Data analysis and interpretation skills.

QUALIFICATIONS/EXPERIENCE REQUIREMENTS

- Must have a definite call of God to this kind of ministry role, with a strong passion for God's Word and depth in the Spirit.
 - Must be passionate about local church ministry, discipling, equipping and empowering people for Kingdom purposes.
-

-
- Bachelor's degree in Computer Science, Engineering, or a related field or equivalent work experience.
 - Minimum 5 years of experience in end-to-end software product development.
 - Proven track record of successfully delivering high-quality software products.
 - Excellent communication, leadership, and interpersonal skills.
 - Passion for building innovative and user-centric products.
 - Excellent written and verbal communication skills, with the ability to effectively present technical information to both technical and non-technical audiences.
 - Proven ability to work independently and as part of a cross-functional team.
 - Preference will be given to those who have been actively involved in serving at APC, Bangalore.

As APC is a local church and Christian ministry, all positions require people who are passionate about Jesus Christ, and who are called, anointed, and committed to serving Him and people to see lives touched and transformed into Christlikeness.

GENERAL INFORMATION

ABOUT ALL PEOPLES CHURCH

All Peoples Church is a Jesus loving, Word focused, Spirit-filled, family church, an equipping center, a missions base, and a world outreach.

As a **family church**, we grow together as a community in Christ centered fellowship, caring and serving each other in love as the assembly of God.

As an **equipping center** we empower and equip every believer to live victoriously, mature into Christlikeness and fulfil God's purposes for their lives.

As a **missions base** we engage in meaningful ministry to bless our city, nation and the nations with the full Gospel of Jesus Christ through the Word of God and supernatural demonstrations of the power of the Holy Spirit.

As a **world outreach** we serve locally and globally by nurturing godly leaders and Spirit filled churches who can impact their regions for the Kingdom of God.

The vision of All Peoples Church is to be salt and light in the city of Bangalore and a voice to the nation of India and to the nations.
